## Summary:

Daring the next generation to reach their full potential. Très is an avant-garde facilitator who will identify collective goals and impediments, establish expectations, model a baseline, nurture individual eureka moments, and foster team emergence.

## Work Experience:

### Brevard Public Schools

#### Certified Teacher, August 2022 to Present

Holton's public service continues, now as an educator. Although certified in Earth-Space and Social Sciences, he did not hesitate when asked to lead remedial reading students in his rookie year. Holton has been rated as a "highly effective" teacher.

### The Holton Group LLC

#### Entrepreneur, July 2007 to Present

Sole Proprietor of a governmental and public relations firm specializing in space policy, land-use, infrastructure, grant writing, media concept to production, political campaign management, and bill drafting. Très was a lead coordinator toward realizing a new \$200M beltway.

### The Astronauts Memorial Foundation

at Kennedy Space Center, Florida

#### Special Projects Coordinator, August 2012 to April 2022

As a multidimensional consultant, Holton's duties included, however were not limited to: event management, public relations, audiovisuals, fundraising, e-commerce, education, budgeting, as well as recruitment and training. Très honorably memorialized our fallen astronaut heroes.

### Florida House of Representatives & Florida Senate

#### Legislative Assistant, 2004 Session & November 2010 to April 2012

Holton's servant heart and problem-solving acumen dovetailed well with constituent services and presenting legislative bills before committees.

## Education:

- **Master of Science** in Space Studies
